## Mid Launch and Mid Spin

KURO KAGE

SOS FLEX-S

MITSUBISHI CHEMICAL

Building on the success of the KURO KAGE™ Silver with TiNi, MCA GOLF, INC. has introduced the new KURO KAGE™ Black TiNi Series for woods, now with Titanium Nickel (TiNi) Wire added to the tip section for players looking to control launch and spin while shaping shots. This “classic” smooth bend profile is the perfect complement to the lower-launching, lower-spinning KURO KAGE™ Silver TiNi.
