

KURO KAGE™

BLACK DUAL-CORE TiNi SFW

Mid/High Launch and Mid Spin

The KURO KAGE™ Black with Dual-Core Technology and Straight Flight Weighting (SFW) is MCA Golf's latest design that yields the same high launch and profile as its predecessor KURO KAGE™ Black TiNi – but now features Dual-Core Titanium Nickel (TiNi) Wire and SFW. Available in 40g and 50g models, SFW helps golfers square the clubface through impact, thus creating straighter shots.
