

TENSEI™ AV BLUE HYBRID

Mid Launch and Mid Spin

The TENSEI™ AV Blue Series Hybrid (mid launch/mid spin) – This new Hybrid Series, designed to complement the TENSEI™ AV Wood Series, adds Aluminum Vapor Coated Fiber in the grip area to increase stability and stiffness in the profile. Compared to the TENSEI™ CK Blue Hybrid Series, this new shaft design is slightly lighter in overall weight and optimizes the placement of the AV weave, which is tighter and thinner than the CK Weave, to further minimize shaft ovaling and improve energy transfer.

SHAFT SPECIFICATIONS

Shaft Name	Flex	Length (in)	Weight (g)	Tip OD (in)	Tip // (in)	Butt OD (in)	Torque (deg)	Kick Point
TENSEI™ AV Blue Hybrid 70	R	42"	67	0.37	4	0.592	3.5	MID
